

# Quarantine Scavenger Hunt

Directions:

- Take a picture of your answer to each clue.
- Only unique answers will be counted for example: if I asked for Something with fur and you all took a picture of your dog/cat that doesn't count but if one of you took a picture of a fur coat or a moldy food in the refrigerator that would count).
- All of your lists are in different orders so you will not be able to follow each other.
- Be creative and use your senses of humor!!

Something healthy  
Something you cut with  
Something that sheds  
Something you use to take care of a baby
